

1st class: Read the syllabus (available from the Canvas course page); and the "Stormy NDA" (also on the Canvas page). There are many problems with this contract. If you'd like to read more about it, I have a link to the Wikipedia page from the Canvas page. Please try to spot as many issues with it as you can -- some are legal but some are basic writing errors. We will not have a political discussion; rather, our concerns will be the contract's underlying purpose(s) and how it did and/or did not serve either signatory's goals.

The remainder of the first week: Read Assignments 1 and 2 on the syllabus. Depending on how far we get on Wednesday, I may have you begin Assignment 3 for Thursday.
