ARTICLES & ESSAYS

Chapter 11 Strategy & Developments

The Small Business Prepack: How Subchapter V Paves the Way for Bankruptcy's Fastest Cases

(with Jeffrey A. Katz), 92 GEO. WASH. L. REV. __ (forthcoming 2024).

While prepack bankruptcies are challenging and contentious under chapter 11, we argue that subchapter V of the Bankruptcy Code provides a more hospitable procedural outlet for the strategy, paving the way for small businesses to reorganize at lightning speed.

Bankruptcy & Corporate Social Responsibility

Bankruptcy Fiduciaries, 110 IOWA L. REV. __ (forthcoming 2025).

Does social enterprise end with insolvency? Is bankruptcy all about the bottom line? The answer lies with understanding the estate in bankruptcy and the fiduciaries that control its fate. Yet the law of fiduciary duties in bankruptcy is undertheorized, conflicted, and muddled. This Article provides a comprehensive rethinking.

Bankruptcy & the Benefit Corporation, 96 AM. BANKR. L.J. 93 (2022) (peer-reviewed).

The benefit corporation form requires directors of social enterprises to balance public benefit alongside shareholder interests. But will this requirement survive the crucible of financial distress? I argue that the balancing mandate persists into bankruptcy, although benefit debtors will still have to navigate bankruptcy's complex rules.

Debt Collection & Debtors' Prisons

Harsh Creditor Remedies & the Role of the Redeemer, 92 FORDHAM L. REV. 935 (2023).

When civil creditors threaten harsh remedies, they extend their reach into the pockets of “redeemers,” third parties with a stake in seeing debt repaid. Too often ignored by courts and lawmakers, this reality provides a potent justification for regulating debt collection.

The New American Debtors' Prisons, 44 AM. J. CRIM. L. 1 (2017).

State by state, Americans abolished imprisonment for debt in the first half of the nineteenth century. But debtors' prisons are back, in the form of imprisonment for nonpayment of criminal fines, fees, and costs. I argue that the old bans on debtors' prisons should be re-interpreted for a new era of mass incarceration.

Note, *State Bans on Debtors' Prisons and Criminal Justice Debt*, 129 HARV. L. REV. 1024 (2016) (separate appendix published at 129 HARV. L. REV. F. 153 (2016)).

I argue that state constitutional bans on imprisonment for debt make imprisonment for certain types of criminal fines and fees unlawful. A [separate appendix](#) sets forth the forty-one state constitutional bans on debtors' prisons.

Legal Theory, Methodology & Pedagogy

Essay, *Critical Theory & Commercial Law in the Sunshine*, 75 FLA. L. REV. F. 15 (2023).

In recent years, Florida and other states have attempted to expel critical legal theory, critical race theory, and all things “woke” from institutions of higher education. This Essay aims to bring these ideas into the sunshine.

COMMENTARY

The Law of Creditors, Debtors, and Redeemers, THE FINREG BLOG, DUKE FIN. ECON. CTR. (July 24, 2023).

Debt collection activity aims to discover the debtor's assets, induce the debtor to repay, and pressure “redeemers” — third parties with a concrete stake in seeing a debt repaid — to help. We might want to call this area “the law of debtors, creditors, and redeemers.”

Bespoke, Tailored, and Off-the-Rack Bankruptcy: A Response to Professor Coordes's 'Bespoke Bankruptcy', 73 FLA. L. REV. F. 15 (2023).

By studying at least one type of bankruptcy misfit, my bankruptcy course takes a sharp left turn, veering away from the Code and towards a complicated new landscape. Professor Coordes's core insights serve to remind scholars and practitioners that the terrain covered by lowercase-b “bankruptcy” extends far beyond the Code.

When Benefit Corporations File for Bankruptcy, Will Anything Be Different?, HARV. L. SCH. BANKR. ROUNDTABLE (Oct. 4, 2022).

Some scholars are pessimists about the benefit corporation's fate in bankruptcy. After all, the U.S. Supreme Court has told us that the trustee has a duty to maximize the value of the estate. I am more optimistic.

How "Mothballed" Chapter 11 Cases Will Affect Vendors, Landlords, LAW360, with George Shuster, Paul Jakubowski, and Benjamin Loveland (Apr. 14, 2020).

Many companies seeking bankruptcy protection have attempted to shorten their chapter 11 cases. But the COVID-19 pandemic may be disrupting that trend: some companies have sought to "mothball" their cases completely and others have asked for a partial freeze.

Recent Legislation, *Crim. Pro. — Colorado Requires On-the-Record Indigency Proceedings Prior to Incarceration for Failure to Pay Fines* — H.B. 14-1061, 69th Gen. Assemb., 2d Reg. Sess. (Colo. 2014), 128 HARV. L. REV. 1312 (2015).

Colorado's legislation requires that indigency determinations be made on the record, yet further work needs to be done on the substantive requirements for indigency.

Book Review, 15 PHILOSOPHIA CHRISTI 490 (2013) (reviewing *WHOSE GOD RULES? IS THE UNITED STATES A SECULAR NATION OR A THEOLEGAL DEMOCRACY?* (Nathan C. Walker and Edwin J. Greenlee, eds., 2011)).

Walker and Greenlee's excellent anthology of essays on the role of religion in public life makes insightful contributions to a typology but lacks progressive religious voices.

OTHER ACADEMIC PUBLICATIONS

Toward the Glittering Heaven: Poetry and Asceticism in Gregory of Nazianzus' Arcane Poems, 1 KANNENBRIGHT 14 (2010).

This analysis and translation of 1800+ lines of Greek poetry argues that Gregory of Nazianzus fit the form of his *Arcane Poems* to match his message of mysticism.

The Spirit in the Machine, HARV. DIVINITY BULL. (Winter 2017, Bicentennial Issue). This award-winning essay imagines what religious studies will look like in 2116.
