

Comparative Law (LAW 6250)

First-Day Assignments Spring 2020

Our class materials: The required materials are a collection of edited texts, *The Comparative Method: Legal History and Culture in Comparison*, that I will make available in the course Canvas page (FILES-->Handouts Spring 2020). I will hand out the materials as I update them throughout the semester. I will also supplement this collection with a few additional handouts that will likewise be available for download on canvas.

Assignment Sheets. I will post weekly assignment sheets with specific assignments in the course [website](http://nersp.osg.ufl.edu/~malavet/comparat/clmain.htm)(<http://nersp.osg.ufl.edu/~malavet/comparat/clmain.htm>). I will attempt to structure assignments by class session. Students, especially those who sign-up for a particular class, should check with me to make sure what material will be covered.

I will also post the assignments in the Canvas page as it is likely that the servers that have hosted my website for 20 years will be soon be taken down by the university.

I. Week 1: Introduction to Comparative Law (Handout 1)

Monday, January 13, 2020

Session 1.a.
