

Commencement
SPRING 2022

Greetings from the President

On behalf of the University of Florida, our faculty and our entire university community, I would like to extend my deepest congratulations to you, the graduates of the historic year of 2022.

Today's ceremony celebrates your remarkable accomplishment in earning a degree from a Top 5 public research university. That you achieved this distinction while overcoming the hardships of the pandemic is all the more impressive. I applaud you for the education you have received, for honing your creative, scientific, or analytical skills and for your resilience and persistence as students. I join you in thanking your professors, advisors and family and friends for their contributions to your success.

Today is a day for celebration, but also for reflection on your future. I am confident that the knowledge and experience you have gained will serve you well regardless of your career or how you choose to invest your life.

The university has benefited from your active engagement and contributions to your classes, programs of study and your peers, and we are grateful to you. You are a special class, and though we know your experience has been different, we hope that you will look back on it with fondness and appreciation, and that you will remain connected to UF as active members of our distinguished alumni.

Best wishes, and always remember, It is Great to be a Florida Gator!

W. Kent Fuchs

University of Florida President

Dr. W. Kent Fuchs

Dr. Kent Fuchs became the 12th President of the University of Florida in January 2015. Building on many years of excellence and focused leadership, the university has since reached its goal of joining the nation's Top 5 public research universities.

UF continues to advance through the addition of 600 new faculty positions, the construction of advanced and beautiful university facilities, a university wide artificial intelligence initiative and a fundraising campaign that is expected to exceed \$4 billion by the end of 2022, more than a billion dollars over its original goal.

Previous to the UF presidency, Dr. Fuchs was provost of Cornell University. He has served in academic leadership positions and as a faculty

member of electrical and computer engineering at Cornell, Purdue and the University of Illinois. He is a fellow of the American Academy of Arts and Sciences, the American Association for the Advancement of Science, the Institution of Electrical and Electronics Engineers and the Association for Computing Machinery and has received numerous awards for teaching and research.

President Fuchs earned his doctorate in electrical and computer engineering from the University of Illinois, and a Master of Divinity from Trinity Evangelical Divinity School. He also holds a Bachelor of Science in Engineering from Duke University.

Greetings from the Levin College of Law Dean

Congratulations on the culmination of your law school career. Reaching this milestone is an incredible achievement and a testament to your dedication, intellect, and passion for law.

During your time at UF Law, each of you enriched our campus beyond measure. In addition to your achievements that are too many to name, I deeply thank you for your commitment to ensuring that UF Law is a diverse and welcoming community. Diversity – of background, thought, and aspiration – is one of UF Law’s greatest strengths. Each of you, in your own way, has contributed to the cultural fabric of UF Law. This culture is one that we will continue to treasure and build upon for years to come.

Today, you become part of the most powerful law alumni network in the world – the Gator Law Nation. You will continue to build relationships with your classmates, and you will encounter other Gator lawyers in every state and around the globe.

When you walk across the stage today, you become role models for generations of law students yet to grace our halls. I am excited to see how you move the world forward.

Congratulations!

Greetings from the Commencement Speaker

The Hon. Francis X. Suarez

Francis X. Suarez is the 33rd Mayor of Miami. As the first Miami-born mayor, he is committed to building a Miami that lasts forever and that welcomes everyone.

Elected with an electoral mandate of 86 percent, Mayor Suarez has championed the integration of climate adaptive technologies, building practices, and economic policies across all facets of government as part of his Miami Forever Plan. Under his leadership, Miami has cut crime and cut taxes to one of their lowest points in over fifty years, spurring an economic resurgence and expansion across Miami.

Mayor Suarez has also pursued a package of affordable housing reforms that leverages federal opportunity zones with the activation of underutilized land to increase access to affordable housing and homeownership for working people and communities of color. As the son of former Miami Mayor, Xavier L. Suarez, Mayor Suarez learned the values of public service and servant-leadership along with the need for economic opportunity, fairness, equal rights, and reconciliation for all.

Mayor Suarez earned his bachelor's degree in finance from Florida International University, graduating in the top ten percent of his class, and then received his law degree from the University of Florida Levin College of Law, where he graduated cum laude. Mayor Suarez was recently selected to serve as an Aspen Institute Rodel Fellow

and was also named as a Time Future 100 Leader. In July 2020, he was nominated and elected by American mayors to serve as the Second Vice President and President of the US Conference of Mayors for the 2022-2023 term.

He currently practices law with Greenspoon Marder LLP, a nationally-recognized law firm specializing in corporate and real-estate transactions. Mayor Suarez is married to Gloria Fonts Suarez. They have a son, Andrew Xavier, and a daughter, Gloriana Pilar. They love Miami and consider themselves blessed to raise their family in the Magic City.
